Subject: Proposal to Develop a Customer Registration Website.

Dear chethan kumar v and team members sandeep,rehan

I hope this letter finds you well. My name is Sreenivasula v, and I am the owner of a Paying Guest(PG) accommodation. I am writing to formally request your services to develop a simple website that will allow customers to register their details online. The website should include a user-friendly interface for registration, secure data handling, and a basic administrative panel to manage customer information.

The key features of the website would be:

1. Customer registration form (Name, Email, Contact, etc.)
2. User authentication (login/sign-up options)
3. Admin panel to view and manage registered users.

Please provide an estimate of the costs and timeline for developing this webpage. I look forward to hearing from you soon.

Thank you for your time and consideration. I hope we can collaborate to make this project a success.

Best regards:
